LETTER OF SUPPORT

Dear Mr. Dir. Gen Giacomo Marino & Mayor Flavio Tosi

Tou Scene would like to thank you for letting Inerzona work in the Foundation's building for free for the past 10 years. We would also like to thank you for promising to work together in the attempt of finding a suitable venue for Interzona.

In today's society there is a great importance of independent cultural centres of this level and quality built solely on volunteer work.

We kindly remind you Mr. Dir. Gen and Mayor that Interzona needs a new venue ASAP to avoid losing touch with their volunteers and audience, and to follow properly with their artistic and educational program.

Tou Scene is located in Stavanger, Norway where we have a great relationship with our local administration, and have secured a long term lease on our facilities. Our facilities are located in the eastern part of Stavanger. When we first started in 2001 Stavanger East was a dark corner in the city. Stavanger East has slowly grown to be one of the most popular city areas in Norway. Tou Scene plays an important part to this gentrification, and serves it's citizens with cultural activities of the highest standard.

A handwritten signature in blue ink, appearing to read "Per Arne Alstad".
